Hookit Purple Abrasive Discs

3M Hookit Purple Abrasive Discs 7 hole 334U

This new abrasive range combines innovations such as a new abrasive construction, new stearate coating and central hole configuration to give exceptionally long life, particularly where high loading is experienced, such as body filler and primer filler sanding.

Part No.	Item	Colour	Size	Grade	Configuration	Items/ Unit	Units case
50221	Abrasive Disc	Purple	150mm 7 Hole	P240	601A	100	5
50223	Abrasive Disc	Purple	150mm 7 Hole	P320	601A	100	5
50225	Abrasive Disc	Purple	150mm 7 Hole	P400	601A	100	5
50226	Abrasive Disc	Purple	150mm 7 Hole	P500	601A	100	5

3M Hookit Purple Abrasive Discs 7 hole 734U

This new abrasive range combines innovations such as a new abrasive construction, new stearate coating and central hole configuration to give exceptionally long life, particularly where high loading is experienced, such as body filler and primer filler sanding.

Part No.	Item	Colour	Size	Grade	Configuration	Items/ Unit	Units case
50216	Abrasive Disc	Purple	150mm 7 Hole	P80	601A	100	5
50217	Abrasive Disc	Purple	150mm 7 Hole	P120	601A	100	5
50219	Abrasive Disc	Purple	150mm 7 Hole	P180	601A	100	5

3M Hookit Purple Abrasive Discs 9 hole 334U

Part No.	Item	Colour	Size	Grade	Items/Unit	Units case
50231	Abrasive Disc	Purple	150mm 9 Hole	P220	100	5
50232	Abrasive Disc	Purple	150mm 9 Hole	P240	100	5
50233	Abrasive Disc	Purple	150mm 9 Hole	P280	100	5

Part No.	Item	Colour	Size	Grade	Items/Unit	Units case
50227	Abrasive Disc	Purple	150mm 9 Hole	P80	100	5
50228	Abrasive Disc	Purple	150mm 9 Hole	P120	100	5
50229	Abrasive Disc	Purple	150mm 9 Hole	P150	100	5
50230	Abrasive Disc	Purple	150mm 9 Hole	P180	100	5

Hookit Abrasive Back-up Pads

Made from higher density foam with a flat rigid centre and softer edge, this range of Back Up Pads offers greater edge flexibility. With the centre hole configuration and 'direct flow' channelling, optimum dust extraction results in a cleaner longer lasting abrasive.

Colour coded for easy identification: white for standard applications whilst black is softer and suited to fine finishing.

3M Hookit Back up Pads

Part No.	Item	Size	Configuration	Items/Unit	Units case
50394	Back-up Pad	150mm universal	M8 Standard	1	5
50391	Back-up Pad	150mm universal	5/16 Soft	1	5
50392	Back-up Pad	150mm universal	5/16 Standard	1	5
50393	Back-up Pad	150mm universal	M8 Soft	1	5
59013	Back-up Pad	150mm 7 Hole	M8 Soft	1	5
50194	Back-up Pad	150mm 7 Hole	M8 Standard	1	5

05774	Soft Interface Pad	150mm 7 Hole	LD 600A	10	1
09303	Soft Interface Pad	150mm 9 Hole	LD 810A	10	1

Hookit II Dust Extraction Abrasive Sheets

The Hookit II hook and loop fixing system gives improved grip and productivity in polyester filler flattening and shaping, and primer filler sanding.

The coarse graded Purple laminated sheets (730U) feature 3M™ Cubitron™ mineral for extra cut and durability.

The finer graded Grey sheets (395L) have a lightweight polymer backing to maximise contact with the work surface for the optimum in cut performance.

3M Hookit II Sheets 730U LS404H

Part No.	Item	Size	Grade	Configuration	Items/Unit	Units case
60387	Sheet	70mm x 127mm	P40	LS404H	25	5
60386	Sheet	70mm x 127mm	P60	LS404H	25	5
60385	Sheet	70mm x 127mm	P80	LS404H	50	5
60384	Sheet	70mm x 127mm	P120	LS404H	50	5

3M Hookit II Sheets 395L LS404H

Part No.	Item	Size	Grade	Configuration	Items/Unit	Units case
60411	Sheet	70mm x 127mm	P80	LS404H	50	5
60409	Sheet	70mm x 127mm	P120	LS404H	50	5

60442	Sheet	70mm x 419mm	P220	LS707D	50	5
60441	Sheet	70mm x 419mm	P240	LS707D	50	5
60440	Sheet	70mm x 419mm	P280	LS707D	50	5
60439	Sheet	70mm x 419mm	P320	LS707D	50	5
60438	Sheet	70mm x 419mm	P360	LS707D	50	5
60437	Sheet	70mm x 419mm	P400	LS707D	50	5
60436	Sheet	70mm x 419mm	P500	LS707D	50	5

3M Hookit II Handblock

Part No.	Item	Size	Items/ Unit	Units case
09311	404H	70mm x 127mm	1	1
09312	404I 8 Hole	70mm x 198mm	1	1
09314	505D 10 Hole	115mm x 225mm	1	1

3M Hookit II Curve block adaptor

Part No.	Item	Size	Items/ Unit	Units case
50119	404H Curved block adaptor	70mm x 127mm	1	1
50120	404I Curved block adaptor	70mm x 198mm	1	1

3M Hookit II Hand File

A range of ventilated hand blocks and files designed for dust free sanding, offering ease of movement with a rotational fixing for exhaust hose.

Part No.	Item	Size	Items/ Unit	Units case
50118	707D Adjustable handfile	70mm x 395mm	1	1
09313	707D 14 Hole handfile	70mm x 419mm	1	1

3M Hookit II Replacement Hose

Part No.	Item	Size	Items/ Unit	Units case
09920	Replacement Hose	3m	1	1
09317	Adaptor male		1	5
09318	Adaptor female		1	5
09319	Adaptor festo female		1	5

3M Hookit II Base Plate

Part No.	Item	Size	Configuration	Items/ Unit	Units case
55041	Base Plate	70mm x 419mm	Rupes SL42A SLP41A	1	1
55040	Base Plate	70mm x 419mm	Rupes SL41A	1	1
55039	Base Plate	115mm x 225mm	Rupes SSPF	1	1

Hookit Abrasive Sheets

245 Green and 255P Gold Hookit Abrasive Sheets are designed for use with Hookit dry fixing systems.

3M Hookit Abrasive Sheets 245

Part No.	Item	Colour	Size	Grade	Items/Unit	Units case
03260	Abrasive Sheet	Green	70mm x 127mm	P40	50	5
03259	Abrasive Sheet	Green	70mm x 127mm	P60	50	5
03258	Abrasive Sheet	Green	70mm x 127mm	P80	50	5
03256	Abrasive Sheet	Green	70mm x 127mm	P120	50	5
03418	Abrasive Sheet	Green	70mm x 425mm	P40	50	5
03417	Abrasive Sheet	Green	70mm x 425mm	P60	50	5
03416	Abrasive Sheet	Green	70mm x 425mm	P80	50	5
03414	Abrasive Sheet	Green	70mm x 425mm	P120	50	5

3M Hookit Abrasive Sheets 255P

Part No.	Item	Colour	Size	Grade	Items/Unit	Units case
03552	Abrasive Sheet	Gold	70mm x 127mm	P150	50	5
03551	Abrasive Sheet	Gold	70mm x 127mm	P180	50	5
03549	Abrasive Sheet	Gold	70mm x 127mm	P240	50	5
03547	Abrasive Sheet	Gold	70mm x 127mm	P320	50	5
03546	Abrasive Sheet	Gold	70mm x 127mm	P360	50	5
03545	Abrasive Sheet	Gold	70mm x 127mm	P400	50	5
03587	Abrasive Sheet	Gold	70mm x 425mm	P180	50	5
03585	Abrasive Sheet	Gold	70mm x 425mm	P240	50	5
03583	Abrasive Sheet	Gold	70mm x 425mm	P320	50	5

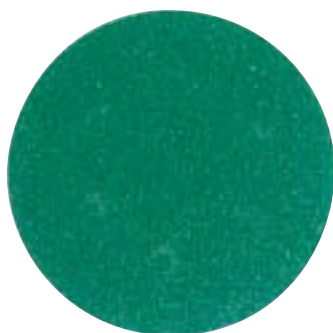

3M Hookit Abrasive Hand Blocks & Files

For use with Hookit abrasive dry sanding sheets, thereby eliminating wastage. These blocks and files are lightweight and designed to fit the hand comfortably.

Part No.	Item	Size	Configuration	Items/Unit	Units case
05742	Hand Block & File	70mm x 127mm	Soft	1	1
05740	Hand Block & File	70mm x 127mm	Hard	1	1
05741	Hand Block & File	70mm x 196mm		1	1
05744	Hand Block & File	70mm x 390mm	Rigid	1	1

Stikit Abrasive Discs

3M Stikit Disc 245 No Holes 6" (150mm)

Part No.	Item	Colour	Size	Grade	Items/Unit	Units case
00996	Lined Disc	Green	150mm	P40	50	5
00995	Lined Disc	Green	150mm	P60	50	5
00758	Lined Disc	Green	150mm	P80	100	5

3M Stikit Disc Dispenser

A portable/wall mountable dispenser for 2 rolls of Stikit abrasive discs. Lightweight, easy to carry, with rubber feet, the dispenser is a convenient way to store and use the perforated rolls of discs.

Part No.	Item	Items/Unit	Units case
05450	Disc Dispenser	1	1

Stikit Abrasive Back-up pads

3M Stikit Abrasive Disc Back-up Pads 6" (150mm)

Specifically made for use with Stikit abrasive discs: the vinyl face allows for good disc adhesion, and easy disc removal. The range of pads includes plain and holed to meet the requirements of all systems, and a choice of soft density pads for use as part of a dry sanding system.

- Comfortable lightweight pad allows access to awkward contours.
- Tough, durable plastic hub.
- Tapered edge for greater access (e.g. drip rails).
- Shock resistant - well balanced.

Part No.	Item	Size	Configuration	Items/Unit	Units case
05576	Abrasive Disc Back-up Pads	150mm	Plain	5	1

05445	Hand File Flexible	70mm x 425mm	1	10

Dry Guide Coat

3M Dry Guide Coat

3M Dry Guide Coat is a revolutionary method for applying a guide coat to a repair area. This system offers considerable advantages over current working practices. In particular, ease of use and achieving a better quality job every time.

- Contains no solvents.
- Requires no masking.
- Gives total coverage of surface.
- Applicator requires no cleaning.
- Ideal for both wet and dry sanding systems.

Part No.	Item	Size	Items/Unit	Units case
09560	Dry Guide Coat	50g	1	10
09561	Dry Guide Coat Applicator		1	5

Dry Sanding

'Production' Abrasive Paper Sheets

3M Production abrasive paper uses an aluminium oxide mineral with a heavy paper backing. Sold in sheets for hand use and in rolls for cutting and attaching to machines.

Fibre Discs

3M Cubitron Fibre Disc 988C

3M™ Cubitron™ 988C High Performance Fibre Disc

3M™ Cubitron™ mineral, resin bonded to a rugged fibre backing, gives this new disc performance levels which extend the limits of grinding technology.

With a grade and size of disc to suit every application and all commonly used grinders and grinderettes. The advanced new mineral formulation of the Cubitron 988C HP Fibre Disc has greatly increased cutting power, making light work of heavy duty jobs like door skin removal, flange and MIG weld grinding.

3M Scotch-Brite Hand Pads

Very Fine (Red)

General purpose for surface conditioning, transport primer preparation, removal of oxidation and light rust. Ideal for awkward areas, like door shuts or engine compartments, where traditional papers may tear. Also ideal for commercial vehicles for preparing aluminium panels prior to priming for rivet heads.

Ultra Fine (Grey)

Ideal for spot repairs in basecoat and clear paint systems. Use to key surrounding clear lacquer prior to spraying lacquer coat to complete panel and plastic parts.

Part No.	Item	Colour	Size	Grade	Items/Unit	Units case
07447	Hand Pads	Red	158mm x 224mm	Very Fine	10	6
07448	Hand Pads	Grey	158mm x 224mm	Ultra Fine	10	6

3M Scotch-Brite Multi-Flex Dispenser

Part No.	Item	Items/Unit	Units case
07912	Multi-Flex Dispenser	1	1

Surface Conditioning

3M Roloc Surface Conditioning Discs

Reinforced 3-dimensional non-woven synthetic material that provides a consistent finish. Ideal for cleaning light oxidation and to reduce sanding scratches on aluminium, steel, iron or stainless steel. (NB. Medium grade is recommended for use on aluminium.) Also for cleaning of spot welding residue and gasketing residue. Can be used with electric mini-grinders, attached using 3M M14 115mm back-up pad.

Roloc™ Surface Conditioning Discs

Surface Conditioning Discs for smaller areas with the quick Roloc attachment system. Ideal for plastic repair and OEM, Transport Primer (E-Coat) removal. Suitable for fast, safe gasket removal and general cleaning applications.

Part No.	Item	Colour	Size	Grade	Configuration	Items/Unit	Units case
07480	Surface Conditioning Disc	Brown	50mm	Coarse	SC-DR ACRS	25	4

Masking Tapes

Scotch High Performance Masking Tape 3434

High performance tape designed to meet the most demanding of paint masking situations. Excellent solvent and water resistance, suits both modern 2-pack and water-based paint products.

- Water and solvent resistant
- Superior holding power even through repeat bake cycles
- Excellent paint line
- Conformable
- Colour enables easy identification

Part No.	Item	Colour	Size	Units case
07895	Masking Tape	Blue	19mm x 50m	48
07897	Masking Tape	Blue	25mm x 50m	36
07898	Masking Tape	Blue	38mm x 50m	24
07899	Masking Tape	Blue	50mm x 50m	20

Scotch Masking Tape 2328

Secure grip, clean removal and excellent edge definition. Available in all popular Widths from 18mm to 72mm.

- Secure adhesion
- Clean 'lift-off'
- Good conformability
- High edge tear resistance

Part No.	Item	Size	Units case
50029	Masking Tape	18mm x 50m	48
50030	Masking Tape	21mm x 50m	44
50031	Masking Tape	24mm x 50m	36
50032	Masking Tape	36mm x 50m	24
50033	Masking Tape	48mm x 50m	20
50034	Masking Tape	72mm x 50m	12

Soft Edge Masking Foam Tape

Soft-Edge Masking Foam Tape

An effective solution to time-consuming masking of vehicles prior to painting. The tape is used to mask vehicle apertures such as door, bonnet, and filler cap. As well as achieving the required 'soft edge,' this tape ensures that the interior of the vehicle is kept free of paint and dust.

- Rapid and efficient masking of car apertures.
- Eliminates unwanted definite paint edges.
- Impermeable to paint and dust, eliminating need to protect interior door trim.
- Reduces rework to a minimum.

Part No.	Item	Size	Configuration	Items/Unit	Units case
09973	Soft-Edge Masking Foam Tape	7 x 19mm x 5m		1	1
09678	Soft-Edge Masking Foam Tape	10 x 13mm x 5m		1	1

Specialist Masking Films

3M Clear Masking Film

A high density, clear polyethylene sheeting designed to protect the vehicle from paint overspray.

- No paint or primer flaking.
- Static cling ensures complete masking.
- Simple one-person application.
- Available in 4m and 5m widths.
- Easy to cut.

Part No.	Item	Size	Items/ Unit	Units case
07838	Clear Masking Film	4m x 150m	1	1
80110	Clear Masking Film	5m x 120m	1	1
07813	Cutter		25	1

3M Premium Clear Masking Film

A high density, translucent polyethylene sheeting designed to protect the vehicle from paint overspray. Can be used to mask damp vehicles minimising risk of moisture evaporation marking (“ghosting”) during paint bake cycle.

- Can be used to mask damp vehicles.
- Excellent paint adhesion - no paint or primer flaking.
- Static cling ensures complete masking.
- Simple one-person application.
- Easy to cut.

Part No.	Item	Size	Items/ Unit	Units case
80139	Premium Clear Masking Film	4m x 150m	1	1
50366	Premium Clear Masking Film	5m x 120m	1	1
50293	Cutter		25	1

3M Mobile Dispenser

Part No.	Item	Items/ Unit	Units case
06780	Mobile Dispenser	1	1

3M Overspray Masking Liquid

An overspray masking liquid that is an alternative to plastic sheeting. Protects vehicle surfaces throughout the repair process, from paint overspray, light scratches, and even weld splatter. Applied by spray gun, dries to the touch trapping dust under the film even in areas such as wheel arches. After use, simply wash away.

- Totally protects bodywork from overspray and eliminates rectification.
- Protects vehicles from most minor damage e.g. welding sparks.
- One coat - saves labour time.
- Traps dirt and dust - stops contamination.
- Easy disposal - just washes off.

Part No.	Item	Size	Items/ Unit	Units case
06847	Overspray Masking Liquid	1 US Gal 3.78 litres	1	4
06851	Overspray Masking Liquid	5 US Gal 18.92 litres	1	1
06856	Overspray Masking Liquid	15US Gal 56.78 litres	1	1

3M Booth Coating

A Water based liquid designed to temporarily protect the interior of spray booths and rooms from paint and primer overspray.

- Non Tacky
- Excellent solvent resistance
- Easy application
- Dries to a clear film
- Fast, convenient removal

Part No.	Item	Size	Items/ Unit	Units case
06839	Booth Coating	1 US Gal 3.78 litres	1	4

Specialist Detail Masking Tape

3M Fine Line Masking Tape 471

A highly flexible fine detail masking tape with excellent adhesion to plastic and rubber mouldings.

- No adhesion transfer.
- Excellent flexibility around curves.

Part No.	Item	Colour	Size	Items/Unit	Units case
06404	Fine Line Masking Tape	Blue	3mm x 33m	1	48
06405	Fine Line Masking Tape	Blue	6mm x 33m	1	36
06408	Fine Line Masking Tape	Blue	12mm x 33m	1	24
06409	Fine Line Masking Tape	Blue	19mm x 33m	1	24

3M Fine Line Masking Tape 218

A more specialised tape, for applications requiring fine two tone or paint striping work.

- Sharp paint lines.
- Less edge build up.
- Excellent curvability without edge tear or wrinkling.
- Virtual elimination of imprint even on fresh paint surface, due to low tack adhesive.

Part No.	Item	Colour	Size	Items/Unit	Units case
06520	Fine Line Masking Tape	Beige	3mm x 55m	1	48
06521	Fine Line Masking Tape	Beige	6mm x 55m	1	24
06522	Fine Line Masking Tape	Beige	12mm x 55m	1	12
06523	Fine Line Masking Tape	Beige	19mm x 55m	1	8

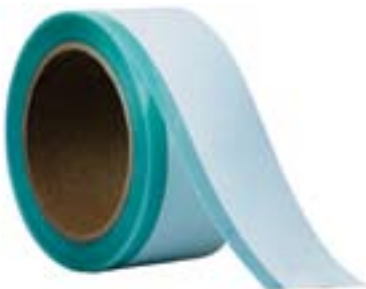

Scotch Fine Line Striping Tape

By lifting and peeling out any one of the strips, an infinite number of multiple striping configurations can be produced. Being only 0.11mm thick, the problem of edge build-up when overpainting is reduced to a minimum.

- Low tack adhesive will not leave an imprint even if paint is less than fully cured.
- Flexible - copes well with contours.
- Resists abrasion during flattening.

Part No.	Item	Size	Grade	Items/Unit	Units case
06314	Fine Line Striping Tape	25.4mm x 13.9m	8 x 1.6mm strips	1	12

Windscreen Masking

3M Trim Masking Tape

Developed for masking the rubber trim on bonded screens and sealed windows. A small plastic strip is pushed behind the rubber and a 38mm self-adhesive tape is folded back and stuck to the window to hold the rubber clear of the paintwork.

- Protects rubber from overspray.
- Easy to mask around corners.
- Excellent temperature performance.
- Available in 4 widths from 5mm-15mm to cover all different types of rubber trim.

Part No.	Item	Size	Configuration	Items/Unit	Units case
06345	Trim Masking Tape	50.8mm x 10m	5mm strips	1	6
06347	Trim Masking Tape	50.8mm x 10m	7mm strips	1	6
06349	Trim Masking Tape	50.8mm x 10m	10mm strips	1	6
06348	Trim Masking Tape	50.8mm x 10m	15mm strips	1	6

3M Trim Lifting Cord

Eases the problems when painting up to a rubber moulding such as around a windscreen. A flexible 6mm diameter foam cord is slid under the moulding using a clever applicator tool. Quick to apply, the cord ensures no edge build up and no visible evidence of repair work, this eliminating the need to remove the glass. Applicator tool is supplied free with each box.

- Speeds vehicle painting.
- Eliminates need to remove glass.
- No visible evidence of repair

Part No.	Item	Size	Items/ Unit	Units case
09529	Trim Lifting Cord	6mm x 40m	1	1

Internal-Protection Products

3M Internal Seat cover

- Protects vehicle interior during repairs
- High friction underside 'grips' the seat
- Slippery top surface allows user to slide from seat
- One size cover fits all vehicles
- Seat Covers resist water, oil and grease
- Also ideal during final detailing and valeting

Part No.	Item	Items/ Unit	Units case
80307	Internal Seat Cover	250	1

3M Internal Floor mat

- Protects vehicle interior during repairs
- High friction underside 'grips' the floor
- One size mat fits all the vehicles
- Mats resist water, oil and grease
- Also ideal during final detailing and valeting

Part No.	Item	Configuration	Items/ Unit	Units case
80308	Internal Floor Mat	Floor Mats	250	1

A well established and trusted system for the mixing and preparation of refinish paint prior to spraying

- Disposable, closed paint mixing system which eliminates the need for separate traditional spray gun mixing pots and paper filters
- Disposable liner and lid with built in filter forms a closed system allowing the spray gun to function at any angle
- No cup cleaning, only the spray gun needs cleaning, saving time and cleaning fluid
- Increases paintshop efficiency

Standard Size

Standard PPS

- for up to 650ml
- the original size PPS solution
- suits most applications

3M PPS Lids and Liners

Each unit contains 50 lids and liners and 25 sealing caps

Part No.	Item	Size	Items/Unit	Units case
16000	Lids and Liners	200 micron filter	50	1
16026	Lids and Liners	125 micron filter	50	1

3M PPS Extra Lid Kit

Extra lids may be required for re-use of paint after storage.

Each unit contains 75 lids, 50 liners and 36 sealing caps

Part No.	Item	Size	Items/Unit	Units case
16711	Lids and Liners	200 micron filter	75	1
16758	Lids and Liners	125 micron filter	75	1

3M PPS Mixing Cups and Collars

2 Mixing Cups and Collars per Unit

Part No.	Item	Size	Items/Unit	Units case
16001	Mixing Cups and Collars	Standard	2	4

Large Size

Large PPS

- for 650ml to 850ml
- for the larger job
- saves refilling the pot

3M PPS Lids and Liners

Each unit contains 25 lids and liners and 24 sealing caps

Part No.	Item	Size	Items/Unit	Units case
16024	Lids and Liners	200 micron filter	25	1
16740	Lids and Liners	125 micron filter	25	1

3M PPS Mixing Cups and Collars

1 Mixing Cup and Collar per Unit

Part No.	Item	Size	Items/Unit	Units case
16023	Mixing Cups and Collars	Large	1	4

Mini

Offering all the features and advantages of the standard PPS™ Paint Preparation System, mini cups are ideal when less material is required.

Mini PPS (mPPS)

- for spraying up to 170ml of material
- Ideal for all small and SMART repairs
- Ideal for accessing awkward areas

3M Mini PPS Introduction Kit

Each mini introduction kit contains 50 lids and liners, 2 mixing cups and collars, lid and liner dispenser, 20 sealing caps and 2 film inserts

Part No.	Item	Size	Items/Unit	Units case
16113	Intro Kit	200 micron filter	1	1
16750	Intro Kit	125 micron filter	1	1

3M Mini PPS Lids and Liners

Each unit contains 50 lids and liners and 20 sealing caps

Part No.	Item	Size	Items/Unit	Units case
16752	Lids and Liners	125 micron filter	50	1
16114	Lids and Liners	200 micron filter	50	1

3M Mini PPS Mixing Cups and Collars

2 Mixing Cups and Collars per Unit

Part No.	Item	Size	Items/Unit	Units case
16115	Mixing Cups and Collars	Mini	2	4

3M Mini PPS Mixing Sticks

Part No.	Item	Items/Unit	Units case
16755	Mini Mixing Sticks	25	10

3M Mini PPS Kit scale film insert

Part No.	Item	Items/Unit	Units case
16066	Mini Kit Scale Film Inserts	10	5

Refillable

Allows the paint in the Refillable PPS(rPPS) Paint Preparation System to be quickly and easily refilled without removing the cup and liner assembly from the gun.

3M rPPS Introduction Kit

Each rPPS introduction kit contains 50 lids and liners, 2 mixing cups and collars, lid and liner dispenser and jug

Part No.	Item	Size	Items/Unit	Units case
16746	Intro kit	200 micron filter	1	1

3M rPPS Lids and Liners

Each unit contains 25 lids and liners

Part No.	Item	Size	Items/Unit	Units case
16743	Lids and Liners	200 micron filter	25	1

3M rPPS Refillable filter

Part No.	Item	Size	Items/Unit	Units case
16744	Drop In Filter	125 micron filter	25	10

Accessories

3M PPS 6-Cup Carrier

Part No.	Item	Items/Unit	Units case
16010	PPS 6-Cup Carrier	1	1

3M PPS Dispensers

For standard, large and refillable PPS

Part No.	Item	Items/Unit	Units case
16019	Liner Dispenser	1	1
16099	Lid Dispenser	1	1

3M PPS Mixing Sticks

Part No.	Item	Items/Unit	Units case
16022	Mixing Sticks	25	10

PPS Adapters

A full range of PPS adaptors for most spray guns, including suction-fed and mini is available from 3M. Conversion of the gun takes seconds and is a one-time requirement. Please contact your local representative

3M PPS Adapter

Part No.	Item	Configuration
Various	Adapter	Contact 3M

3M™ PPS™ Colour Check Light

A fully portable light with a virtually perfect match to natural daylight

- makes the colour matching and refinish process faster and easier
- reduces labour, paint and material costs
- increases body shop productivity

3M PPS Colour Check Light Kit

Contains Light, Battery, Charger, Power Supply, Cords and Instruction Manual

Putties

Fast drying putty ideal for both spot repairs and pinholes and that also spreads easily over larger areas. Quick to sand, prime and overpaint.

3M Acryl Putty - Green

An auto body repair putty designed with very easy sanding and fast drying characteristics for use in filling pinholes and scratches.

Part No.	Item	Colour	Size	Items/ Unit	Units case
05960	Acryl Putty	Green	200g	1	12

3M Acryl Putty - Red

An auto body repair putty designed with good filling, sanding and drying characteristics for general purpose use in filling slightly larger pinholes and scratches.

Part No.	Item	Colour	Size	Items/ Unit	Units case
05966	Acryl Putty	Red	200g	1	12

Panel Preparation

3M Prep and Blend Liquid

Prep and Blend Liquid is a combination scuffing and cleaning liquid to prepare original or refinished paint surfaces for blending base coat or clear coat. Recommended to be used with 3M Scotch-Brite Ultrafine (Grey), or Extra Fine (Copper) products.

- Fast.
- Uniform matt finish.
- Cleaning agent removes grease, waxes, resins, silicones, etc.

Multi-Flex and Pre-Cut versions also available.

Part No.	Item	Size	Items/ Unit	Units case
09308	Prep and Blend Liquid	500g	1	12

3M Scuff-it Matt Gel

An advanced scuffing and cleaning gel which uses a unique combination of minerals and specialty treated abrasive micro crystals to abrade original or refinish paint surfaces in the final stage of preparation prior to paint spraying.

- Degreases, cleans and scuffs in a single process.
- Water based formula.
- Complete abrasion for optimum paint adhesion.
- More aggressive than 09308.

Part No.	Item	Size	Configuration	Items/ Unit	Units case
50018	Scuff-it Matt Gel	700g		1	12

3M Professional Panel Wipes

- Excellent absorbency
- Super Strength when wet or dry

Part No.	Item	Size	Items/ Unit	Units case
34567	Panel Wipes	37cm x 29cm	400	1

3M Tack Cloth

New generation of Tack Cloths use a 3-dimensional web structure to absorb dust particles prior to spraying. A wall mounted dispenser is available to store both new and partly used cloths

Part No.	Item	Items/Unit	Units case
07909	Tack Cloth Dispenser	1	1
07910	Tack Cloth	10	6

Perfect it III System Step 1

Abrasive denib and blemish removal

The acclaimed Perfect-it III Paint Rectification and Polishing System provides the complete solution for removal of imperfections in vehicle topcoat refinish.

Defects and blemishes are removed rapidly without the need for reworking or repainting. The Perfect-it III System provides a rectification answer for every likely requirement - fresh or aged paints, small to large areas. See individual listings for

3M Perfect-it III Microfine Abrasives

Abrasive denib and blemish removal

Improvements in paint technology and the demand for ever higher levels of finish quality achieved by the painter has led to superfine Wetordry abrasive papers such as Perfect-it Microfine abrasive.

Part No.	Item	Size	Grade	Configuration	Items/Unit	Units case
09546	Microfine Abrasive	138 x 230mm	P2000	401Q WOD	50	10
09545	Microfine Abrasive	138 x 230mm	P1500	401Q WOD	50	10

3M Perfect-it III 9 Micron Abrasive Discs

Abrasive denib and blemish removal

For initial "spot" denib by hand. Scalloped shape film product to be used with Finesse-It Hand sanding block 50199. Follow with Trizact A5 film for scratch refinement.

Part No.	Item	Size	Grade	Items/Unit	Units case
00127	9 Micron Abrasive Disc	36mm	9 micron	100	10

3M Perfect-it III Microfinishing Disc 260L

Abrasive denib and blemish removal

Technically advanced abrasives for machine paint rectification applications. Use with a soft interface pad to add conformability.

Part No.	Item	Size	Grade	Configuration	Items/Unit	Units case
62001	Microfinishing Disc	150mm 7 Hole	P1500	260L 601A	50	5
62002	Microfinishing Disc	150mm 7 Hole	P1200	260L 601A	50	5

02329	Hookit II Conversion Face	150mm	1	10

Perfect it III System Step 2

Compounding

3M Perfect it III Fast Cut Compound Compounding

A super-fast acting, coarse grade compound for rapid removal of fine sanding scratches. Outstandingly effective in achieving a high gloss finish on both fresh and aged High Solids paint systems.

- Fast, effective action.
- Fine, high gloss finish.

Part No.	Item	Size	Items/Unit	Units case
09374	Fast cut compound	1 kg	1	12
09950	Compounding pad	150mm	1	2

3M Perfect it III Trizact Compound Compounding

3M™ Perfect-It™ III Trizact Compound is specifically designed to complement the Trizact abrasive disc rectification processes. Trizact Compound effortlessly provides a premium finish with excellent clean up qualities.

- Fast, effective action.
- Fine, high gloss finish.

Part No.	Item	Size	Items/Unit	Units case
50077	Compound	1 litre	1	12
09550	Compounding pad	150mm	2	5

3M Perfect it III Fine Compound Compounding

A fast acting finer compound sharing the same 3M formulation chemistry as Perfect-it III Fast Cut Compound. Ideal for removing light oxidation, overspray, minor scratches and blend lines. Apply using the appropriate 3M 09550 Perfect-it III Compounding Pad.

- Removes fine scratches faster
- For HS, MS or OEM paints
- Minimal sling, high gloss finish

Part No.	Item	Size	Items/Unit	Units case
09375	Fine Compound	1 litre	1	12
09550	Compounding pad	150mm	2	5

3M Perfect it III Extra Fine Compound Compounding

A new fine finish compound designed specifically for modern scratch resistant clear coat paint systems. Also excellent as a single compound/polish product for standard 2 pack paint systems. Used in conjunction with two accessories - a wool buff giving high cut rate followed by a foam pad for excellent finish.

Part No.	Item	Size	Configuration	Items/Unit	Units case
80349	Extra Fine Compound	1litre	Bottle	1	12
09550	Compounding pad	150mm	Compounding pad	2	5
01927	Wool Compounding Pad	133mm	Wool Compounding Pad	2	5

Perfect it III System Step 3

Polishing

3M Perfect it III Machine Polish Polishing

Particularly effective on dark colours, rapidly producing a 'just painted' finish while removing haze and compounding swirl marks. Apply using appropriate 3M polishing pads.

- High gloss finish
- Perfect for dark colours
- Removes compounding swirl marks

Part No.	Item	Size	Items/Unit	Units case
09378	High Gloss Polishing Pad		2	5
09376	Machine Polish	1 litre	1	12

3M Perfect it III Ultrafina™ SE Polish Polish for Rotary Swirl Hologram Elimination

Removes Swirls and Holograms
Ultimate High Gloss Finish
Designed for use on Rotary Polishers
Increases productivity and efficiency
Quick and Easy Clean up
Minimal Sling
For Refinish and Original paint systems

Part No.	Item	Size	Items/Unit	Units case
50383	Polish	1 litre	1	12
50388	High Gloss pad	150mm	2	5
50389	High Gloss pad	203mm	1	5

3M Perfect it III Ultrafina Polishing Cloth

Part No.	Item	Items/Unit	Units case
50400	Ultrafina Soft Polishing Cloth	1	20

3M Imperial Machine Glaze Polishing

Imperial Machine Glaze has similar characteristics to Imperial Hand Glaze but is specifically designed for machine application. Ideal for filling scratches and swirl marks on large areas.

- Silicone and wax free.
- Deep shine and high gloss.
- Allows larger areas to be worked.

Part No.	Item	Size	Items/Unit	Units case
05991	Machine glaze	1 litre	1	12

Perfect it III System Step 4

Paint finish protection

3M Imperial Hand Glaze Paint Finish Protection

This is ideal for filling compound scratches and swirl marks on 2-pack paint finishes. Imperial Hand Glaze contains no silicone/wax, and achieves a full, deep shine and high gloss on all colours - especially dark colours. Its easy application saves time, labour and money.

- Full deep shine
- Easy to wipe off

Part No.	Item	Size	Items/Unit	Units case
05990	Hand Glaze	1 litre	1	12

3M Perfect it III Finishing Glaze Paint Finish Protection

- New Improved
- Low VOC
- Improved Easy Clean up
- Non-silicone content product

Produces a lustrous 'showroom' finish and deeper, longer gloss for ultimate protection. Easy and economical to use. Apply by hand or using the 05729 DA Glazing Pad to remove with 60668 High Performance Cloths.

- Ultimate 'showroom' gloss
- Durable protection
- Cost-effective

Part No.	Item	Size	Items/Unit	Units case
05729	DA Glazing Pad	170mm	2	12
09377	finishing glaze	1 litre	1	12

3M Polish Rosa Fast final wax protection coating

Easy to apply by hand or machine
Perfect clean up for large or small areas
Durable

Does not stain automotive plastics or rubber
Contains non-volatile silicones for high gloss and easy clean up

Part No.	Item	Colour	Size	Items/Unit	Units case
80345	Polish Rosa	Pink	1litre	1	12

3M Perfect it III High Performance Cloths Paint Finish Protection

Advanced 3M materials technology achieves new standards of surface cleaning and polishing efficiency.

- Non scratching, low linting.
- Durable - Resistant to chemicals.
- Re-usable - Washable up to 95 degrees C.
- Three colours for job differentiation.
- High cleaning power with or without solvent.

Part No.	Item	Colour	Items/Unit	Units case
60668	High Performance Cloth	Mixed	3	10
60669	High Performance Cloths	Yellow	1	10
60670	High Performance Cloths	Blue	1	10
60671	High Performance Cloths	Green	1	10

3M Perfect it III Polishing Wipe Paint Finish Protection

- Soft and supple
- Good absorbency
- Low linting
- Static-free wiping
- Ideal for 3M™ Perfect-it™ polishes

Part No.	Item	Size	Configuration	Items/Unit	Units case
34568	polishing wipe	37 x 38cm	Polishing Wipe	275	1

Perfect it III System Accessories

3M Perfect-it III 2 Plus 2 Pads

Additional Accessories for large area refinish

A double-sided buffing pad with a unique flexing action: this reduces swirl marks and minimises the risk of burn on working surfaces.

- Adaptors available in Imperial or Metric sizes.
- Extremely durable.
- Easily cleaned by raking or washing.
- Dual purpose pad for compounding and polishing.
- Soft, protected edge which offers conformability for contour polishing.
- Balanced, double-sided construction with quick change fixing.

Part No.	Item	Size	Configuration	Items/Unit	Units case

Perfect it III System Step 3

Polishing

3M Finesse-it Finishing Material

Designed for use on both fresh or aged refinish paint to remove minor imperfections such as dust nibs. Machine-applied, the compound rapidly achieves high gloss and for best results should be applied using a 1500-2500 rev/min polisher fitted with the appropriate Finesse-it accessory as listed.

- Easy application.
- Deep gloss.

Part No.	Item	Size	Items/Unit	Units case
09639	Finishing Material	1 litre	1	12

3M Finesse-it Abrasive Accessories

The Finesse-it system is quick and easy to use. Best results are achieved by using the following recommended accessories depending on the type of machine being used.

Part No.	Item	Size	Configuration	Items/Unit	Units case
09988	Holder No.4	75mm		1	5
14736	Finishing pad	75mm		1	10

09553	Back up Pad	125mm	5/8 inch Thread	1	5

Dust Respirators

Filter protection factors for Dust Respirators
 FFP1 Up to 4 x WEL Particulates
 FFP2 Up to 10 x WEL Particulates
 FFP3 Up to 20 x WEL Particulates

Terminology

FFP Filtering Face Piece
 WEL Workplace Exposure Limit

3M Bodyshop Dust Respirator

Features: Lightweight, pre-formed design with nose foam and adjustable nose clip.
 Applications: Hand and machine sanding operations.
 Approvals: Meets EN149:2001.
 CE Marked

Part No.	Item	Type	Protection Factor	Items/Unit	Units case
06983	Dust Respirator	Unvalved	FFP1	15	6
06988	Dust Respirator	Unvalved	FFP2	15	6

3M Particulate Dust Respirator

Protection: Provides effective protection from lung damaging fine dusts up to 10 x WEL.
 Features: Lightweight, collapse-resistant design with unique high efficiency exhalation valve, nose foam and adjustable nose clip which provides added comfort and heat reduction.
 Applications: Hand and machine sanding and grinding operations, especially in hot or humid conditions.
 Approvals: Meets EN149:2001. CE Marked

Part No.	Item	Type	Protection Factor	Items/Unit	Units case
06922	Particulate Dust Respirator	Exhalation Valve	FFP2	10	12

3M Comfort Dust Respirators

Protection: Provides effective protection from lung damaging fine dusts.
 Features: Unique three panel design providing optimal soft and secure feel on face, excellent compatibility with eyewear, well balanced pressure of head straps, soft nose foam and adjustable nose clip. The valved version has a one-way exhalation valve which provides added comfort and heat reduction for hot and humid work environments
 Applications: Hand and machine sanding and grinding operations. Valved versions especially in hot or humid conditions.
 Approvals: Meets EN149:2001. CE Marked

Part No.	Item	Type	Protection Factor	Items/Unit	Units case
06910	Comfort Dust Respirators	Unvalved	FFP1	20	6
06923	Comfort Dust Respirators	Exhalation Valve	FFP2	10	6
06933	Comfort Dust Respirators	Exhalation Valve	FFP3	10	6

3M Premium Welding Fume Respirator

Protection: Provides effective protection from fine lung damaging dusts and welding/brazing fumes and ozone up to 10 x WEL.
 Features: Activated carbon layers to protect against ozone generated when welding. Collapse resistant design with flame retardant shell.
 Applications: MIG, TIG and ARC welding (also galvanised zinc parts.)
 Approvals: Meets EN149:2001. CE Marked

Part No.	Item	Type	Protection Factor	Items/Unit	Units case
06920	Premium Welding Fume Respirator	Exhalation Valve	FFP2	5	4

Paint and Solvent Respirators

Filter protection factors for Half Mask Paintshop Respirators

P1 Up to 4 x WEL Particulates

P2 Up to 10 x WEL Particulates

P3 Up to 20 x WEL Particulates

A1 Up to 10 x WEL or 1000 ppm Organic vapours with good warning properties and boiling point >65 degrees Celsius (whichever is lower)

A2 Up to 10 x WEL or 5000 ppm Organic vapours with good warning properties and boiling point >65 degrees Celsius (whichever is lower)

3M Maintenance Free Paintshop Respirator

Protection: Against organic vapours and particulates.

Features: Maintenance free, low profile, comfortable design integrated filters and high efficiency exhalation valve. Face Seal cleaner available for hygiene.

Applications: Paint spray containing non-isocyanate based paints. Mixing of paints.

Application of adhesives.

Approvals: Meets EN405 2001. CE Marked

Part No.	Item	Protection Factor	Items/ Unit	Units case
06941	Paintshop Respirator	FFA1P2D	1	10
06942	Paintshop Respirator	FFA2P3D	1	10

3M Low Maintenance Paintshop Respirator 6000 Series

Protection: Against organic vapours and particulates.

Features: A new generation of paint spray respirators that ensure excellent face-fit and security whilst being extremely light and comfortable to wear.

Applications: Paint spraying containing non isocyanate based paints. Paint mixing. Degreasing. Application of adhesives.

Approvals: Meets EN140 and 141/143 with bayonet filters. CE Marked

Part No.	Item	Size	Items/ Unit	Units case
06962	Low Maintenance Paintshop Respirator	Medium	1	8
06963	Low Maintenance Paintshop Respirator	Large	1	8

3M Paintshop Respirator Kit 6000 Series

Protection: Against organic vapours and particulates.

Features: A new generation of paint spray respirators that ensure excellent face-fit and security whilst being extremely light and comfortable to wear.

Applications: Paint spraying containing non isocyanate based paints. Paint mixing. Degreasing. Application of adhesives.

Approvals: Meets EN140 and 141/143 with bayonet filters. CE Marked

Air Fed Respirators

3M Visionair Air Fed Paint Spray Respirator with Visor

Comfortable supplied air respirator providing a wide field of vision. An air flow indicator is mounted in the visor, and both visor and spray gun share the same air supply via a small, belt-mounted regulator with built-in-pre-filter. Sets new comfort standards for an HVLP spray gun compatible air-fed respirator.

- Acetate visor for paint spraying
- Wide field of vision
- Comfortable and lightweight
- Variable air regulator/filter
- Low air flow warning device
- CE marked

Kit Contains Visor headtop and breathing tube, waistbelt regulator assembly excluding coupling, plus a spray gun hose kit.

Part No.	Item	Items/Unit	Units case
57004	500HV Air Fed Paint Spray Respirator	1	1

3M Visionair Air Fed Respirator Parts

A range of 3M CAST's, COUPLINGS, CONNECTORS and Maintenance Parts are also available.

Hearing Protection

3M Disposable Ear Plugs 1100

Protection: Against harmful noise, but especially where noise levels are a continuous problem.

Features: These disposable ear plugs are made from a soft non-allergic foam, giving a comfortable and effective fit. The tapered shape is specifically designed to self-adjust to most ear canals, which provides greater worker convenience and comfort.

Applications: Particularly convenient when safety glasses/goggles are also being worn.

Approvals: Complies with European Standard EN 352-2:2002

SNR = 37 dB. CE Marked

Part No.	Item	Items/Unit	Units case
1100	Ear Plugs	200	5

3M Disposable Ear Plugs 1120

Protection: Against harmful noise, but especially where noise levels are a continuous problem.

Features: Contoured design helps make the plug more flexible allowing it to easily conform to the wearers' ear canal enhancing wearer comfort. Very soft formulation for lower pressure in ear and improved comfort with a smooth dirt resistant surface.

Applications: Particularly convenient when safety glasses/goggles are also being worn and for individuals with narrow ear canals.

Approvals: Complies with European Standard EN 352-2:2002

SNR = 34 dB. CE Marked

Part No.	Item	Configuration	Items/Unit	Units case
1120	200 Pairs Ear Plugs	200 pairs	200	5

3M Re-usable Ear Plugs with Storage Case 1261

Protection: Against harmful noise, but especially where noise levels are a continuous problem.

Features: 3-flange design helps to ensure good fit this improving wearer comfort and assured protection. Soft formulation for added comfort. New finger grip design improves ease of insertion making the plug more convenient. Storage case with belt clip helps keep plug convenient, clean and protected in-between use, saving time and reducing cost. Washable to allow for re-use.

Applications: Particularly convenient when glasses/goggles are being worn.

Approvals: Complies with European Standard EN 352-2:1993

SNR = 25 dB. CE Marked

Part No.	Item	Items/Unit	Units case
1261	Re-usable Ear Plugs with Storage Case	50	5

3M Banded Plugs 1310

Protection: Against harmful noise, especially in hot/humid conditions.

Features: Innovative flexible band concept, designed to provide optimum fit and greater comfort. Easy to put on, can be worn under the chin or behind the head for increased convenience. The plugs, which can be replaced with 3M part number 1311, are made from soft non-allergenic material. The band is designed to adjust to head and jaw movement.

Applications: When frequently entering/exiting noisy areas, or intermittent noise is present.

Approvals: Complies with European Standard EN 352-2:1993

SNR = 26 dB. CE Marked

Part No.	Item	Configuration	Items/Unit	Units case
1311	Banded Plugs	20 pairs	20	5
1310	Banded Plugs	10 pairs	10	5

3M Standard Ear Muffs 1435

- Two-point mounting system for better distribution of pressure and easy manipulation.
- Adjustable in 6 different positions.
- Extra-wide headband for a comfortable and secure fit.
- Unique injection moulded inserts prevent noise leakage.
- Weight: 218g.

Part No.	Item	Items/Unit	Units case
1435	Ear Muffs	1	20

3M Premium Ear Muffs 1440

Protection: Against harmful noise, especially suitable for intermittent noise exposure.

Features: Patented adjustable tension system. Wide headband with ventilated padding. Extra-soft and wide sealing rings with a 'bulb' for increased sound insulation and perfect fit.

Applications: Where ease of fitting is important and a clean environment is a problem.

Approvals: Complies with European Standard EN 352-1:1993

SNR = 27 dB. CE Marked

Part No.	Item	Items/Unit	Units case
1440	Premium Ear Muffs	1	20

3M Standard FM Radio Ear Muffs 1510

Protection: Against harmful noise, especially during intermittent noise exposure

Features: FM Radio sound is limited for safety reasons to maximum 82dB(A) Automatic station search with touch pad keyboard. Lightweight & stylish with battery save function and 180-200 hour battery life. For use where there is increased wearer time and to avoid isolation.

Applications: Any noisy environment

Approvals: Complies with EN 352-1:1993

SNR = 24dB. CE Marked

Part No.	Item	Items/Unit	Units case
1510	Standard FM Radio Ear Muffs	1	2

3M Premium FM Radio Ear Muffs 1515

Protection: Against harmful noise, especially during intermittent noise exposure

Features: FM Stereo Radio sound is limited for safety reasons to maximum 82dB(A) Automatic station search with touch pad keyboard. Lightweight & stylish featuring a ventilated padded headband for additional comfort. With battery save function and 120-140 hour battery life the ideal product for use where there is increased wearer time and to avoid isolation.

Applications: Any noisy environment

Approvals: Complies with EN 352-1:1993

SNR = 24dB. CE Marked

Part No.	Item	Items/Unit	Units case
1515	Premium FM Radio Ear Muffs	1	2

3M Level Dependant Ear Muffs 1520

Protection: For noisy areas where communication is important

Features: External sound is detected by two microphones located on the cups and reproduced in stereo into the ear muffs. The sound level inside the ear muffs are restricted to a maximum 82dB(A). They have a 4 step volume adjustment, a touch pad keyboard and battery life of between 350-400 hours with automatic shut off.

Applications: In any noisy area where communications is important for safety and productivity.

Approvals: Complies with EN 352-4:2001

SNR = 24dB. CE Marked

Part No.	Item	Items/Unit	Units case
1520	Standard Level Dependant Ear	1	2

3M Premium Level Dependant Ear Muffs 1525

Protection: For noisy areas where communication is important

Features: They have a 5 step volume adjustment, a touch pad keyboard and outstanding battery life of 1000 hours with automatic shut off. Also feature amplification of up to 12dB for enhanced audibility as well as input socket enabling connection to other devices.

Applications: In any noisy area where communications is important for safety and productivity.

Approvals: Complies with EN 352-4:2001

SNR = 24dB. CE Marked

Part No.	Item	Items/Unit	Units case
1525	Premium Level Dependant Ear	1	2

Eye Protection

3M supplies a comprehensive range of safety goggles and spectacles for use in all bodyshop situations. Offering excellent protection against flying particles, amongst other hazards (relevant to goggles), they feature durable, optical Class 1 lenses. Available in a variety of styles and shade of lens - clear, amber or smoked. Meets EN 166:2001 for specific field of use, and offer 99% UV protection. Stylish design and lightweight for maximum wearer comfort and acceptance.

3M Clear Over Spectacles 2700

Protection: For high speed particles at low energy

Features: Polycarbonate lens for protection

Applications: For impact protection, can be worn over most spectacles

Approvals: EN 166:2001. CE Marked

Part No.	Item	Items/Unit	Units case
2700	Clear Over Spectacles	1	20

3M Classic Line Spectacles 2720

Protection: For high speed particles at low energy

Features: Clear Polycarbonate lens, lightweight, comfortable with a modern design

Applications: Impact protection

Approvals: EN 166:2001. CE Marked

- Anti fog coating improves vision
- Anti scratch coating strengthens lenses

Part No.	Item	Items/Unit	Units case
2720	Classic Line Spectacles	1	20

3M Clear Spectacles 2730

Protection: For high speed particles at low energy

Features: Clear polycarbonate lens with adjustable temple length and lens angle.

Soft ventilated nose bridge for added comfort.

Applications: Impact protection

Approvals: EN 166:2001. CE Marked

Part No.	Item	Items/Unit	Units case
2730	Clear Spectacles	1	20

3M Clear Spectacles 2740

Protection: For high speed particles at low energy

Features: Clear polycarbonate lens with adjustable temple length and lens angle.

Soft ventilated nose bridge for added comfort. Also features soft temple tips to reduce pressure.

Applications: Impact protection

Approvals: EN 166:2001. CE Marked

Part No.	Item	Items/Unit	Units case
2740	Clear Spectacles	1	20

3M Clear Spectacles 2750

Protection: For high speed particles at low energy

Features: Clear polycarbonate wraparound lens and adjustable temple length

Applications: Impact protection

Approvals: EN 166:2001. CE Marked

Part No.	Item	Items/Unit	Units case
2750	Clear Spectacles	1	20

3M Premium Polycarbonate Goggles 2790

Protection: Particles, liquid droplets, gases, dust and molten metal

Features: Clear wraparound polycarbonate lens, wide field of vision. Sealed design with broad, fully adjustable headband

Applications: Grinding and sanding (particles/droplets/gases/dusts)

Approvals: EN 166:2001. CE Marked

Part No.	Item	Items/Unit	Units case
2790	Premium Polycarbonate Goggles	1	10

3M Premium Acetate Goggles 2790A

Protection: Particles, liquid droplets, gases and dust.

Features: Clear wraparound acetate lens, wide field of vision. Sealed design with broad, fully adjustable headband.

Applications: Chemical and particle resistance - appropriate for paint mixing and spraying

Approvals: EN 166:2001. CE Marked

Part No.	Item	Items/Unit	Units case
2790A	Premium Acetate Goggles	1	10

3M Goggle Carry Case 106

Part No.	Item	Items/Unit	Units case
106	Goggle Carry Case	1	10

Skin Care Systems

3M Paintshop Handwipes

Handwipes for the paint and bodyshop, impregnated with moisturiser and designed for paint and oil removal.

- Removes most wet and dry paints, oils, sealants and adhesives
- Contains skin conditioner
- Double layered, textured material creates gentle scrubbing effect and excellent absorbency
- Come in a handy, easy to close container

Part No.	Item	Items/Unit	Units case
80347	Paintshop Handwipes	100	4

3M Sprayable Sealer

3M Two Part Sprayable Sealer

A unique 2-pack polyurethane-based product packaged in an aluminium sachet, allowing reproduction of the original appearance of body joint seals. Pre-measured protection from the toxic emission of isocyanate. Avoids the necessity of gun cleaning, by a divided Unipack™ bag fitted with a disposable nozzle. Can also be used for restoring stonechip coatings.

- Simple, quick and clean.
- Rippled appearance achieved by changing angle of spray.
- No direct contact during mixing.
- Paintable in 30 minutes.
- Application of heat speeds curing.
- No shrinkage.
- No gun cleaning.

Part No.	Item	Colour	Size	Items/ Unit	Units case
08801	Applicator		Various	1	1
08823	Two Part Sprayable Sealer	Grey	150ml	1	6
08800	Two Part Sprayable Sealer	Grey	250ml	1	6

3M MS Sprayable Seam Sealer

3M MS One Part Sprayable Sealer

One part MS moisture curing high solid sprayable sealer in a cartridge. Provides a permanent firm and flexible seal. Restores original spray finish in engine compartment, on all overlap joints, floor pans,

- May be painted over immediately.
- Cures to provide hard surface.
- Can also be extruded and brushed.
- Flexible as anti-chip coating.
- No shrinkage.
- Isocyanate free.

Part No.	Item	Colour	Size	Items/ Unit	Units case
08851	One Part Sprayable Sealer	Grey	290ml	1	12

3M MS Universal Sealer Gun

Part No.	Item	Items/ Unit	Units case
08993	Universal Sealer Gun	1	1

Brushable Sealers

3M Super Seam Sealer Super Seam Sealer

A brushable sealer which recreates original appearance on all overlap joints: eg inside boots, around wheel arches and shock absorber mountings, on bulkheads and floor pans around tailgates.

- Easily applied by brush.
- Dries to leave visible brush marks.
- Does not snag.
- Quick drying.
- Petrol, oil and water resistant.

Part No.	Item	Size	Items/Unit	Units case
08537	Sealer	1 kg	1	6

3M Super Seam Application Brush

Part No.	Item	Items/Unit	Units case
08540	Application Brush	1	30

Extruded Sealers

3M Polyurethane Sealer in Cartridge

A high-solids, non-shrinking adhesive sealer, which cures to a tough, permanently flexible material after 24 hour (depending on bead thickness and environmental conditions), when exposed to atmospheric moisture. Ideal for medium/wide seam sealing.

- Excellent adhesion.
- Paintable with commonly used paint systems.
- Non-shrinking, non-flow.
- Excellent weathering properties.
- Water, oil and petrol resistant.

Part No.	Item	Colour	Size	Items/Unit	Units case
08694	Polyurethane Sealer	Black	310ml	1	12
08684	Polyurethane Sealer	Grey	310ml	1	12
08689	Polyurethane Sealer	White	310ml	1	12

3M Polyurethane Sealer in Sachet

General purpose polyurethane seam sealer in collapsible aluminium-foil sachets. Available in black, white or grey. They are applied using one of the specially designed Pneumatic or Manual Applicator Guns.

- Easy extrusion with no bubbles.
- Easy disposal of squashed sachet.
- Over-paintable in less than 30 mins.
- Lightweight, well-balanced guns.

Part No.	Item	Colour	Size	Items/Unit	Units case
08789	Polyurethane Sealer	Black	310ml	12	1
08787	Polyurethane Sealer	White	310ml	12	1
08782	Polyurethane Sealer	Grey	310ml	12	1
08793	Polyurethane Sealer	Black	600ml	12	1
08788	Polyurethane Sealer	White	600ml	12	1
08783	Polyurethane Sealer	Grey	600ml	12	1

3M MS Caulkable Sealer

One part MS polymer based moisture curing general purpose seam sealer in cartridge. Designed to seal interior and exterior automotive body joints. Needs to be painted over within 2 hours. Provides a permanent, hard and flexible seal. Restores original finish of door hemming flange, overlapped floor panels, etc. To be applied with 3M 08012 pneumatic gun or 3M 08013 manual gun.

- Needs to be painted over within 2 hours.
- Highest final hardness.
- High solid content.
- Fast tack free time.
- Excellent brushability.
- No shrinkage.
- Isocyanate free.

Part No.	Item	Colour	Size	Items/Unit	Units case
08855	MS Caulkable Sealer	White	290ml	1	12

Narrow Joint Sealer

3M Drip-Chek Sealer

For narrow vertical seams or cracks of 2mm - 3mm wide, to give a firm but flexible seal which will not harden, shrink or crack. Self levelling and self-seeking, but will not slump on vertical surfaces. Can be smoothed with a wet finger, and painted.

- Easy to apply.
- Quick drying.
- Remains flexible but firm.
- Petrol, oil and water resistant.

Part No.	Item	Colour	Size	Items/Unit	Units case
08531	Body Sealer	Grey	150ml	1	12
08401	Body Sealer	Clear	150ml	1	12

Seam Sealer Tape

Part No.	Item	Colour	Size	Items/Unit	Units case
08475	Sealer tape	Green/Grey	9.5mm x 9.1m	1	12
08476	Sealer tape	Green/Grey	22.5mm x 9.1m	1	12

Polyolefin Adhesion Promoter

Part No.	Item	Size	Items/Unit	Units case
05917	Adhesion Promoter	200ml	1	12

Body Caulking

3M Thumbing Compound

A pre-formed thumbing compound, for sealing all large openings and cracks in the car. Easily smoothed and tooled.

- Good adhesion.
- Non-staining.
- Water resistant.
- Remains flexible.
- Can be overpainted immediately.

Part No.	Item	Size	Configuration	Items/Unit	Units case
08573	Thumbing Compound	2mm x 20mm x 40m	Flat	1	4
08568	Thumbing Compound	6mm x 300mm	Round	60	12

Manual Guns

3M Manual Gun for 2 part Adhesive

37.5ml twin cartridge applicator guns for two part structural adhesive and flexible parts repair material.

Part No.	Item	Items/ Unit	Units case
08190	Manual Gun	1	10
08013	Manual Gun	1	1

3M Manual Gun for Cartridge

A lightweight, easy to use manual gun for application of sealer from a 310ml cartridge.

Part No.	Item	Items/ Unit	Units case
08011	Manual Gun	1	10

3M Manual Gun for 200ml duopack cartridge

Manual applicator for 200ml duopack cartridges for 200ml duopack cartridge

Part No.	Item	Items/ Unit	Units case
08117	Manual Gun	1	10

Pneumatic Guns

3M Pneumatic Guns for Sachets

Lightweight, well-balanced pneumatic gun, fitted with an air-flow regulator 'dump valve' which instantly exhausts the air when the trigger is released. Designed to extrude 310ml, 415ml and 600ml collapsible aluminium-foil sachets.

Part No.	Item	Size	Items/ Unit	Units case
08006	Gun	310ml and 415ml	1	1
08007	Gun	310ml and 600ml	1	1

3M Pneumatic Guns for Cartridges

Lightweight pneumatic gun fitted with an air-flow regulator 'dump valve' which instantly exhausts the air when the trigger is released.

Part No.	Item	Items/ Unit	Units case
08012	Gun	1	1

3M Pneumatic Guns for 200ml duopack cartridge

Pneumatic Gun for 200ml Duopack cartridges

Part No.	Item	Size	Items/ Unit	Units case
09930	Gun	200ml	1	1

3M Pneumatic No-Clean-Up Gun

This cast-aluminium hand gun is designed to accept the disposable nozzle fitted to Sprayable Sealer Sachets or 1kg can. When the sachet and nozzle are disposed of, the gun remains clean and ready for the next job.

Part No.	Item	Size	Items/ Unit	Units case
08801	Gun	Various	1	1

Pneumatic Guns for Anti-chip and Underbody Coating

3M Air-line fed gun Air-line fed gun for applying 1L or 1kg Schutz and Stonechip coatings.

Part No.	Item	Items/Unit	Units case
08996	Air-line fed gun	1	1

3M Pressurised air-line fed gun

Pressurised air-line fed gun for 1kg coatings, offering a very fine flat finish according to the pressure adjustment.

Part No.	Item	Items/Unit	Units case
08991	Gun	1	1

Pneumatic Guns for Inner Cavity Waxes

3M Air-powered Applicator Gun

For use with 1 litre or 1kg cans of 3M Inner Cavity Wax coating. This special air-powered Applicator Gun allows deeper penetration of product in inaccessible areas.

Part No.	Item	Items/Unit	Units case
08012	Gun	1	1
08997	Gun	1	1
08998	Refill Gun	1	1

Pneumatic Guns for Sprayable and Extrudable Sealer

3M Universal Gun

This new system allows the extrusion of all kinds of single-component sealants. By using the different nozzles supplied and easily adjusting the two regulators, it sprays the product in various finishes and creates ridges of various widths. Cartridges and sachets are used with the standard nozzles supplied with the products.

Part No.	Item	Items/Unit	Units case
08993	Universal Gun	1	1

Lightweight Gun

Lightweight, easy to use pneumatic gun for one-part sprayable sealer in cartridge. By easily adjusting air and product regulator, it allows various spray and coating finishes from very fine to textured. Ready to use, it does not require additional nozzle.

Part No.	Item	Items/Unit	Units case
08992	Lightweight Gun	1	1

Air Pressure Regulator

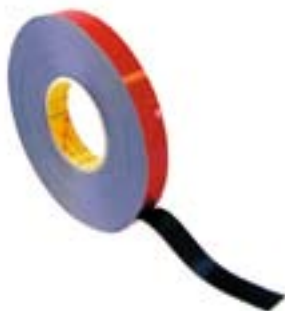

3M Valve

An air pressure regulator valve that can be fitted to any 3M pneumatic gun to allow pre-selection of air pressure as required.

Part No.	Item	Items/Unit	Units case
08804	Valve	1	6

Double Sided Adhesive Tapes

3M Acrylic Plus Tape PT1100

Offering high adhesive strength these high density acrylic foam tapes with acrylic adhesive on both sides, are ideally suited to critical fixing applications such as body side mouldings, badges and bumper trims.

- High performance.
- Used by vehicle manufacturers.
- Suitable on OEM and refinish paint.
- Good conformability

Part No.	Item	Colour	Size	Items/ Unit
80318	Acrylic Plus Tape	Black	6mm x 40m	2
80319	Acrylic Plus Tape	Black	9mm x 20m	1
80320	Acrylic Plus Tape	Black	12mm x 20m	1
80322	Acrylic Plus Tape	Black	19mm x 20m	1
80323	Acrylic Plus Tape	Black	25mm x 20m	1

Contact Adhesives

3M Aerosol Adhesive

High performance neoprene contact adhesive with exceptional plasticiser resistance. The aerosol features high strength performance normally associated with bulk sprayable or brushable contact adhesives. Suitable for bonding, rubbers, non-supported vinyls, metal, some plastics and flexible foams to themselves or to other substrates.

Aerosol has controlled, lace-like spray pattern which minimises overspray. Quick drying - bonds can be made after 4 and up to 30 minutes. Clog-resistant nozzle.

Useful where high heat resistance is required

Part No.	Item	Colour	Size	Items/ Unit	Units case
08090	Aerosol Adhesive	Amber	500ml	1	12

General Purpose Adhesives

3M Cyanoacrylate Adhesive

Part No.	Item	Size	Items/ Unit	Units case
B20	Cyanoacrylate Adhesive	20g	1	20

3M Aerosol Adhesive

A specially designed, general purpose aerosol adhesive for bonding trim fabrics, headings, floor carpets and cloth-backed vinyls. Also for bonding upholstery foam to metal, wood and other surfaces.

- No wastage of dried up adhesive through lids being left off.
- Non-clog aerosol head will adjust to give wide or narrow lace spray pattern.
- Large areas covered quickly, compared to hand application e.g. headlinings.
- Fast drying.

Part No.	Item	Colour	Size	Items/ Unit	Units case
08080	Aerosol Adhesive	Clear	500ml	12	12

3M Clear Gel Brushable Adhesive

A clear non-flow adhesive designed for general purpose use inside cars. Giving excellent brushability without stringing, dripping or flow.

- Good initial strength.
- Repositionable.
- No stain.
- Excellent heat and plasticiser resistance.

Part No.	Item	Colour	Size	Configuration	Items/Unit	Units case
08150	Brushable Adhesive	Clear	500ml	Can	6	6
08540	Nylon Brush			Brush	1	30

Panel Bonding Adhesives

3M Panel Bonding Adhesive

An innovative and cost-effective 2-part cartridge system for bonding replacement body panels. Seals and bonds steel, aluminium and SMC securely in a single operation. Reduces welding time, protects against corrosion and gives excellent adhesion to a variety of substrates. Recommended for application with 3M manual gun 08117 or 3M pneumatic gun 09930.

- Enables easy accessibility in awkward to reach areas
- Maintains integrity of substrate
- Cures on demand
- Bonds steel, aluminum, SMC
- Not for use on structural components

Part No.	Item	Size	Items/Unit	Units case
08115	Cartridge	200ml	1	6
08193	Nozzle		6	6

3M Two Component Epoxy

A two-component epoxy, 3M Structural Adhesive 08122 offers some 8 times the shear strength of its Polyurethane based rivals, for bonding of panels and door-skins. This product is packed in a 50ml twin cartridge. Apply using 3M 08190 manual applicator gun with 2-1 Plunger part no. 58000

- Fast drying.
- Consistent mixing ratio from twin cartridge.
- Efficient mixing nozzle gives controlled flow with no air bubbles.
- Resealable cartridge means minimal adhesive waste.
- Lightweight, maintenance-free Applicator Gun.

Part No.	Item	Size	Configuration	Items/Unit	Units case
08122	Adhesive	50ml	Adhesive	1	12
08122	Structural Adhesive			1	12

Plastic Repair

3M Automix Instant Plastic Repair Patch

Part No.	Item	Size	Items/ Unit	Units case
05888	Patch	101mm x 203mm	6	6
06396	Adhesion Promoter		25	4

3M Polyolefin Adhesion Promoter

3M Polyolefin Adhesion Promoter is specially designed to be used in conjunction with 3M Flexible Parts Repair Material for the repair of Polypropylene and Ethylene Propylene interior and exterior parts, usually designated by the initials PP, EP, TPO, or EPDM.

Part No.	Item	Size	Items/ Unit	Units case
05917	Adhesion Promoter	200ml	1	12

3M Flexible Parts Repair Material

3M Flexible Parts Repair Material is a two-part epoxy filler used to repair most of the plastic parts on today's vehicles. It is flexible and easy to sand. Available in two tubes (A & B), allowing for easy measuring and mixing.

- Easy to use.
- Excellent feather edging.
- Excellent sag resistance.

3M Flexible Pars Repair Material also available in a duopack cartridge. For easy and safe application with 3M 08190 manual gun. Each box includes four duopack cartridges and eight mixing nozzles.

Part No.	Item	Colour	Size	Items/ Unit	Units case
05900	Flexible Parts Repair Material	Grey	150ml	1	6
05901	Flexible Parts Repair Material	Grey	2 x 25ml	4	3
08198	Nozzle			5	12

3M Automix Superfast Plastic Adhesive

Part No.	Item	Size	Items/ Unit	Units case
55045	Superfast Plastic Adhesive	50ml	1	12
04908	Adhesive Nozzle		50	1
04903	Contour Sheet	127mm x 3.6m	1	6

3M Crack Seal Tape Crack Seal Tape on a roll

Part No.	Item	Colour	Size	Items/ Unit	Units case
03020	Crack Seal Tape	White	50mm x 25mm	1	6

Transfer Adhesives

3M Adhesive Transfer Tape 969

This is a unique application system for 'adhesive on a roll'. It uses Adhesive Transfer Tape, rolled specially so that a gun can lay a controlled strip of pressure sensitive, instant grade adhesive, exactly where it is required.

- Instant, aggressive grip even on difficult to stick surfaces.
- Suitable for most materials, including highly textured surfaces.
- Good humidity resistance.

Part No.	Item	Size	Items/ Unit	Units case
06494	Adhesive Transfer Tape	19mm x 16.5m	12	4
06493	Adhesive Transfer Tape	12mm x 16.5m	12	6

Scotch Adhesive Transfer Gun 700

Part No.	Item	Items/Unit	Units case
ATG700	Adhesive Transfer Gun	1	6

3M Refix Tape 950

The same as Adhesive Transfer tape but wound so that the roll can be used by hand.

- Sticks instantly, will not lift.
- No mess or waste

Part No.	Item	Size	Items/Unit	Units case
06506	Refix Tape	12mm x 10m	4	12

Bonded Windscreens

3M Primer Applicator

Part No.	Item	Colour	Items/ Unit	Units case
08605	Primer applicator	White	10	10

3M Primer

Part No.	Item	Colour	Size	Items/ Unit	Units case
58012	Primer	Transparent	30ml	1	12
08617	Primer	Transparent	30ml	1	12

3M PU Windscreen Adhesive

A one part moisture curing PU adhesive for windscreen and rear window bonding. Available in cartridge and sachet.

Part No.	Item	Colour	Size	Items/ Unit	Units case
08603	Windscreen Adhesive	Black	310ml	1	12
08615	Windscreen Adhesive	Black	310ml	1	12
08616	Windscreen Adhesive	Black	415ml	1	9

3M Glass Cleaner

To Clean windscreens, rear and side windows, and mirrors. Also automotive vinyl, interior plastic trim and clear plastic. Will not affect painted surfaces.

Part No.	Item	Colour	Size	Items/ Unit	Units case
08631	Glass Cleaner	Transparent	500ml	1	12

Fast Cure Adhesives

3M 1 Part PU Fast Cure Adhesive

Part No.	Item	Colour	Size	Items/ Unit	Units case
08613	Adhesive	Black	310ml	1	12
08628	Adhesive	Black	310ml	1	12
08629	Adhesive	Black	415ml	1	9

Direct Glaze

3M Direct Glaze Adhesive Strip

High tack, non-curing strip of sealer for installing direct glaze (gasketless) wind-screens.

- Instant bond.
- Excellent adhesion.
- Weatherproof.
- Controlled compressibility allows easy installation.

Part No.	Item	Colour	Size	Items/ Unit	Units case
08610	Sealer Roll	Black	6mm x 4.5m	12	1
08611	Sealer Roll	Black	8mm x 4.5m	12	1
08612	Sealer Roll	Black	10mm x 4.5m	12	1

Rubber Gasket

3M Windscreen Sealer

Non-hardening non shrinking sealer for the installation of rubber gasket wind-screens

Excellent water and weather resistance.

Remains flexible permanently.

Can be applied in wet weather.

Easy clean-up with dry rag.

Non-damaging plastic nozzle.

N.B. Apply using either 3M applicator gun 08013 (manual) or 08012 (pneumatic)

Part No.	Item	Colour	Size	Items/ Unit	Units case
08509	Windscreen Sealer	Black	310ml	1	12

Anti-Chip

Anti-Chip Coatings are used to protect vulnerable, painted parts of the vehicle such as sills, wings, wheel arches and valances.

Most body corrosion results from stone chips to susceptible exposed paintwork. Stone chips can penetrate the paint and underlying protective coatings to allow corrosion to eat into the substrate from the surface. 3M™ supplies rubberised anti-chip coatings with a wide range of finishes. All are overpaintable, flexible, fast drying and weather, stone chip and corrosion resistant.

3M Body Gard Textured Coating

This rubber based coating was developed to enable most manufacturers' stone chip finishes to be reproduced in the bodyshop. Black, white and grey coatings are available for application to any part of the car requiring stone chip protection. Medium to heavy textures can be obtained depending on the application method used.

- Excellent stone-chip resistance.
- High solids.
- Paintable.

Part No.	Item	Colour	Size	Items/Unit	Units case
08888	Textured Coating	Grey	500ml	1	12
08868	Textured Coating	Black	1 kg	1	12
08878	Textured Coating	White	1 kg	1	12
08879	Textured Coating	Grey	1 kg	1	12

3M Body Gard Flat Coating

The Spray Schutz Coating features are also found in the Body Gard Aerosol, but this has the benefit of reproducing the flat finish that is so popular.

- Excellent stone-chip resistance.
- Quick drying.
- Paintable.

Part No.	Item	Colour	Size	Items/Unit	Units case
08159	Flat Coating Aerosol	Grey	500ml	1	6
08158	Flat Coating Aerosol	Black	500ml	1	6

3M Body Gard Smooth Coating

Flat finish coating which resists weathering and protects against damage from stones and gravel.

- Excellent finish.
- Fast drying.
- Paintable.

Part No.	Item	Colour	Size	Items/Unit	Units case
08886	Smooth Coating	Grey	1 kg	1	12

Inner Cavity Wax

3M Inner Cavity Wax - Amber

Designed to give a protective coating to the inside of vehicle body panels. The product will seep, by capillary action, into gaps and along welded joints to give long lasting rust proofing.

- Remains flexible when dry.
- Water repellent - can be applied to damp surfaces.
- Excellent rust proofing against road salt.

Part No.	Item	Colour	Size	Items/Unit	Units case
08901	Inner Cavity Wax	Amber	500ml	1	12
08911	Inner Cavity Wax	Amber	1 litre	1	12
08921	Inner Cavity Wax	Amber	10 litres	1	1

3M Inner Cavity Wax - Transparent

Inner cavity protection for the small repair or difficult to reach areas is made quicker and easier with this aerosol.

- Easy to use.
- Quick.
- Convenient.

Part No.	Item	Colour	Size	Items/Unit	Units case
08909	Inner Cavity Wax	Transparent	500ml	1	12
08919	Inner Cavity Wax	Transparent	1litre	1	12
08929	Inner Cavity Wax	Transparent	10 litres	1	1

Underbody Protection

3M Body Schutz Coating

A thick, asphalt-based product ideal for vehicle underbody coating to give both rust proofing and sound-deadening properties.

- Flexible when dry.
- Excellent one-coat coverage.
- Touch dry in 1 hour.
- Does not sag.
- Not overpaintable.
- Various textures can be achieved by altering spray technique.

Part No.	Item	Colour	Size	Items/Unit	Units case
08861	Coating	Black	1 litre	1	12

3M Spray Schutz Coating

Fast drying, rubberised protective coating, which dries to a textured finish, suitable for quick repairs to wheel arches and underbody.

- Rubberised for extra toughness and flexibility.
- Fast drying.
- Non-clog valve for even spray pattern.
- Weather resistant.

Part No.	Item	Colour	Size	Items/Unit	Units case
08877	Aerosol	Black	500ml	1	12

Weld Coatings

3M Zinc Spray For spot welds

Part No.	Item	Colour	Size	Items/Unit	Units case
09113	Zinc Spray	Grey	500ml	1	10

Sound Deadening

3M Sound Deadening Pads

Easily shaped to offer noise suppression on many parts of the vehicle, such as doors, wings and boots/floor plans.

- Self Adhesive.
- Easy to apply.
- Paintable.

Part No.	Item	Size	Items/Unit	Units case
08840	Pad	500mm x 500mm	1	10

3M Abrasion Resistant Film

Part No.	Item	Size	Items/Unit	Units case
08219	Abrasion Resistant Film	19mm x 11m	6	1
08210	Abrasion Resistant Film	100mm x 2.5m	6	1
